# The New Destiny Quest Interface

The screenshot shows the Destiny Quest interface for Andrew Jackson High School. The top navigation bar includes the 'Quest' logo, a search bar with 'keeper' entered, and user options like 'Hello, Site Administrator!', 'Logout', 'Change Theme', 'My Info', and 'Exit Destiny Quest'. Below the search bar, a sidebar on the left allows narrowing the search by Author, Subject, Genre, Series, Awards, Publication Year, Extent - Pages, Language, and Location. The main area displays 'Results 1-5 of 5' sorted by Relevance. Five book covers are shown: 'Keeper' by Peet, Mal. Fic Pee; 'Keeper of the Night' by Holt, Kimberly Willis. [Fic]; 'The Alphabet Keeper' by Murphy, Mary, 1961- [E]; 'Ghost Light on Graveyard Shoal' by Jones, Elizabeth McDavid, 1958- [Fic]; and 'Rowan and the Zebak' by Rodda, Emily. [Fic]. A 'Science Classics' sidebar on the right shows 'Titles: 30' and a 'Drag Drop' button. The footer indicates '©2002-2008 Follett Software Company'.

The screenshot shows the 'Title Details' window for 'The lightning thief' by Rick Riordan. The window features a book cover, a star rating of 4.5 (2 reviews), and a synopsis: 'After learning that he is the son of a mortal woman and Poseidon, god of the sea, twelve-year-old Percy is sent to a summer camp for demigods like himself, and joins his new friends on a quest to prevent a war between the gods.' A 'Shelf browse' button is visible. On the right, a green 'IN' status bar indicates '7 of 9 available' and includes an 'Add to List' button. Below the synopsis, tabs for 'Additional Info', 'Quiz Info', 'Awards', and 'Reviews' are shown. The 'Additional Info' tab is active, displaying details: Titles by: Riordan, Rick.; Published: New York : Miramax Books/Hyperion Books for Children, c2005.; Edition: 1st ed.; Format: 377 p. ; 22 cm.; LCCN: 2005-299400; ISBN: 0-7868-5629-7; Series: Percy Jackson & the Olympians ; bk. 1; Riordan, Rick. Percy Jackson & the Olympians ; bk. 1.; Electronic Resources: [Book Review](#). On the right, a 'You may also like:' section lists 'The battle of the Labyrinth', 'The sea of monsters', and 'The Titan's curse'.

Your students/teachers and parents are using websites and networks that are engaging, provide easy access to information, and allow them to review items.

Destiny Quest changes the previous perception that your media center doesn't have anything of interest or the books that they would like to read.

## TitlePeek

Promotion included in pricing

TitlePeek engages your students by enhancing your library catalog with book covers and enhanced content about the titles in your collection.

TitlePeek provides the book covers within the online catalog (OPAC). If the student clicks on the book cover, TitlePeek will also provide other details about the book such as title profiles, table of contents, brief summaries, author notes, book reviews, chapter excerpts and published reviews. The content included will differ from title to title.

TitlePeek provides the Amazon or iTunes look and feel to which students are accustomed.

# WebPath Express Service

Annual price \$499 per school

**WebPath Express** provides students, teachers, and parents with focused, safe and relevant web resources integrated with the library collection. The Internet is an integral part of your students' world and a vast source of information and knowledge. Getting the right information and knowing how to use it is crucial to helping develop information literacy.

As an example, a Google search for Civil Rights returns over 76 million websites: This is the search results from WebPath Express. In comparison to Google's 76 million hits, WebPath Express provides 433 K-12 focused websites that have been reviewed and approved. By narrowing criteria this allow students to select appropriate grade level and topic, for much more accurate/focused research. And the best aspect is that the titles in your school district are available when the titles tab is selected.

All web sites are monitored daily to assure that sites and links are current and contain the same information that was reviewed and approved during the selection process. WebPath Express currently contains over 75,000 websites and 154,250 web links with more updated and added on a monthly basis.

**Learn on Line - Count us In**

The object of the activity at this web site is to make a pattern in the room. The game will tell you how many objects to use. From the bookshelf, you then click and drag the corresponding number of objects into the room. You can make your pattern on the floor, the walls, and the bed. When your down, stand back and examine your artwork. When you're ready to play again, hit the Play Again button and start all over.

**Natural Number**

Natural numbers are whole, non-negative numbers that are common in nature. The set of natural numbers can be defined as including zero or not including zero. Unknown natural numbers are represented by lowercase letters in equations, usually the letter n. The set of natural numbers is called a denumerable set because the list given is sufficient to determine whether or not a number belongs even though the number of elements is infinite. There are more real and imaginary numbers than natural numbers.

**Number Train**

Do you like trains? If so, this web site is just for you. Not only can you build a train, but you can practice your math skills at the same time. All you need to do is click and drag the numbered boxcars to make your train. Count aloud as you do this. How many boxcars are in your train? Next time you have to stop at a railroad crossing for a train, count the boxcars as they pass by you.

**Decimal Lessons**

These eight lessons teach you all about the concepts of decimals. You can experience the lessons in any order or work from beginning to end. The lessons teach you about place value, expanded notation, and the relationship between fractions and decimals. They also teach you how to add, subtract, and multiply numbers with decimals. When you have finished with the lessons you can play The Decimals Cruncher and see how much you really know about decimals.

**Grade Level:** K-5 6-8
